

ATV Safety

STORIES OF REAL RISKS
WHILE RIDING AN ALL-TERRAIN VEHICLE

JIM IS WATCHING HIS
5-YEAR-OLD BROTHER,
TOMMY, WHO WANTS
TO GO FOR A RIDE.

YEAHHH!

JIM HOOKS
TOMMY
UP WITH SOME
GEAR AND...

OKAY, REMEMBER
YOU HAVE TO HOLD
ON TIGHT.

OKAY.

HERE WE
GO!

TOMMY? TOMMY?
AGGGHH!!!

DURING THE BUMPY RIDE
IN, JIM STOPS REALIZES
SOMETHING IS WRONG...

CHILDREN YOUNGER THAN 6
YEARS OF AGE SHOULD NEVER
BE ON AN ATV EVEN AS A
PASSENGER.

NEVER HAVE MORE PEOPLE ON
AN ATV THAN IT WAS DESIGNED
TO CARRY. IF THERE IS ONLY
ONE SEAT AND ONE SET OF
FOOT PEGS, IT IS A SINGLE-
RIDER ATV AND ONLY THE
DRIVER SHOULD BE ON IT.

AN OVERLOADED ATV COULD
PREVENT THE DRIVER FROM
MAINTAINING CONTROL OF THE
VEHICLE.
