

# It's Baby Safety Month

With all of us spending more time at home,  
keep these tips in mind.

Don't ever  
leave me  
alone in or  
near water

Always place  
me on  
my back  
to sleep

Keep my  
sleep space  
free from  
pillows and  
blankets at  
all times

Always  
check my  
nursery for  
recalls
