

November 22, 2022

Ms. Katharine E. Morgan
President
ASTM International
100 Barr Harbor Drive
West Conshohocken, PA 19428

Dear Ms. Morgan:

Thank you for your letter of September 1, 2022, to the Consumer Product Safety Commission (CPSC), notifying the CPSC about publication of a revised standard, ASTM F2517-22e1, *Standard Specification for Determination of Child Resistance of Portable Fuel Containers for Consumer Use*.

The Commission has accepted the revised voluntary standard and has published a direct final rule in the *Federal Register* to update the Children's Gasoline Burn Prevention Act Regulation, 16 CFR part 1460, to incorporate by reference ASTM F2517-22e1 (87 *Fed. Reg.* 71242 November 22, 2022).

The effective date of the mandatory standard is December 22, 2022, unless CPSC receives a significant adverse comment by December 7, 2022. I am enclosing a copy of the *Federal Register* notice'

Under the procedures for read-only access recently agreed to by ASTM, CPSC requests that a read-only version of ASTM F2517-22e1, *Standard Specification for Determination of Child Resistance of Portable Fuel Containers for Consumer Use*, be made available to the public in the ASTM Reading Room, (www.astm.org/READINGLIBRARY/) as of December 22, 2022.

Thank you for your assistance in improving consumer product safety.

Sincerely,

Scott Ayers

Directorate for Engineering Sciences
