**STATEMENT OF COMMISSIONER PETER A. FELDMAN ON GUILTY PLEA BY
GREE U.S. SUBSIDIARY TO FELONY VIOLATION OF THE CONSUMER PRODUCT
SAFETY ACT.**

OCTOBER 29, 2021

Today's [guilty plea](#) by Gree USA, Inc., along with the pending criminal prosecutions of its top executives, serves as a reminder that CPSC and its federal partners will use all of the tools available to ensure consumer safety. Failure to report critical information to CPSC is a violation of our statute, impacting consumer safety. These enforcement actions represent the first corporate criminal enforcement actions brought under the Consumer Product Safety Act. I would like to thank all involved, including the Consumer Protection Branch of the Department of Justice's Civil Division.
