Dear Ms. Morgan:

Thank you for your letter of January 4, 2020, to the U.S. Consumer Product Safety Commission (CPSC), notifying the CPSC about publication of a revised standard, ASTM F404-20, *Standard Consumer Safety Specification for High Chairs*.

The Commission has accepted the revised voluntary standard and has published in the *Federal Register*, a direct final rule to update the Safety Standard for High Chairs, 16 CFR part 1231, to incorporate by reference ASTM F404-20 (86 Fed. Reg. 17296 (Apr. 2, 2021)).

The effective date of the standard is July 3, 2021. I am enclosing a copy of the *Federal Register* notice.

Under the procedures for read-only access recently agreed to by ASTM, CPSC requests that a read-only version of ASTM F404-20, *Standard Consumer Safety Specification for High Chairs*, be made available to the public in the ASTM Reading Room, ([www.astm.org/READINGLIBRARY/](http://www.astm.org/READINGLIBRARY/)) as of July 3, 2021.

Thank you for your assistance in improving consumer product safety.

Sincerely,

A handwritten signature in black ink, appearing to read "Stefanie Marques".

Stefanie Marques
