TRANSMITTED VIA EMAIL

Mr. Andrew G. Kireta Jr.
President
ASTM International
100 Barr Harbor Drive
West Conshohocken, PA 19428

Dear Mr. Kireta:

Thank you for your letter dated November 4, 2025, notifying the U.S. Consumer Product Safety Commission (CPSC) of publication of a revised standard, ASTM F2933–25, *Standard Consumer Safety Performance Specification for Crib Mattresses*.

The Commission has accepted the revised voluntary standard for the *Safety Standard for Crib Mattresses*, 16 C.F.R. part 1241. The direct final rule to update 16 C.F.R. part 1241 incorporates by reference ASTM F2933–25, *Standard Consumer Safety Performance Specification for Crib Mattresses*, but maintains some modifications.¹

The effective date of the mandatory standard is May 3, 2026.

Under the procedures for read-only access developed by ASTM, CPSC requests that a read-only version of ASTM F2933–25, *Standard Consumer Safety Performance Specification for Crib Mattresses*, be made available to the public in the ASTM Reading Room, (www.astm.org/READINGLIBRARY/) no later than May 3, 2026.

Thank you for your assistance in improving consumer product safety.

Sincerely,

Daniel Taxier
Children's Program Manager
Division of Mechanical and Combustion Engineering
Directorate for Engineering Sciences

cc: Molly Lynyak – Standards Development Director, ASTM
Donald Mays – Chairman, ASTM Committee F15 on Consumer Products
Peter Richier – Chair, ASTM F15.66 Subcommittee on Crib Mattresses
Jacqueline Campbell – CPSC Voluntary Standards Coordinator
