1. INTRODUCTION

The U.S. Consumer Product Safety Commission (CPSC) has launched its electronic Freedom of Information Act (FOIA) Electronic Manufacturer Notification Collaboration Portal (Collaboration Portal). The Collaboration Portal will allow the CPSC's FOIA staff to communicate and exchange data electronically with a registered manufacturer, importer, distributer, or retailer (collectively referred to as "firms"), whose product information is responsive to a request for disclosure of information under the FOIA.

When the Commission receives a FOIA request regarding your company, the FOIA staff will send an electronic notification via the Collaboration Portal. The following materials will be uploaded to the Collaboration Portal for your review: a Consumer Product Safety Act (CPSA) Section 6 notification letter, a copy of the FOIA request, and the records deemed potentially responsive to the FOIA Request.

Your organization will be able to review the uploaded material and records that we are proposing to disclose via the Collaboration Portal. Once reviewed, you can then determine if you want to respond to the notification.

If you decide to respond, you can make any claims about the content of the material and upload these claims to the Collaboration Portal. Your response letter should document your comments and claims of confidentiality based on the CPSA and the FOIA Exemptions. We will analyze your response letter to determine whether to disclose the records to the requester.

If you do not respond, we will analyze the records subject to FOIA Exemptions (b)(3), (b)(4), (b)(5), (b)(6), and/or (b)(7), and release the information in accordance with our analysis.

2. ACCESSING THE COLLABORATION PORTAL

2-A <u>Account registration</u>. We sent a message requesting that you provide contact information for the person we should notify when we receive a FOIA request involving a product manufactured, imported, distributed, or sold by your organization.

Once you submit contact information along with a valid e-mail address, we will register the information for that person. The registered individual will then receive two e-mails from the Collaboration Portal (e-mail address cpsc-foia@cpsc.gov):

- Message number 1 contains the user name (e-mail address) and the website information for the Collaboration Portal.
- Message number 2 contains a temporary password for the Collaboration Portal.

Sign into the Collaboration Portal with the e-mail address and the temporary password provided by the FOIA staff. You will need to change the password immediately after your initial sign in. For guidance, these the password requirements below, and Section XX of this Guide, titled Initial Collaboration Portal Sign In.

2-B Password requirements. The password must contain:

- 1) Aminimum of eight (8) characters/maximum of sixteen (16) characters;
- 2) One special character [! @ # \$ % ^ & * ()];
- 3) One numeric character [0 through 9];
- 4) One UPPERCASE letter [A through Z];
- 5) One lowercase letter [a through z].

You cannot use any of the previous twenty-four (24) passwords (including the current password) when changing your password.

2-C <u>Account lockouts & session timeouts</u>. Your account will lock after five (5) unsuccessful log-in attempts. If your account locks, please contact the FOIA staff for assistance at <u>cpsc-foia@cpsc.gov</u> or at 1-800-638-2772.

Please note, using the Forgot Password function will not reactivate/unlock the account.
