FOIA Log
Received between 01/01/2020 and 03/31/2020

Request ID	Request Description	Request Type	Organization
19-F-00373	We are seeking documents from January 1, 2009 until present day related to the Rock 'n Play, Mattel, Fisher-Price and interactions that have occurred between the CPSC and those companies. We are also seeking documents related to the 2010 and 2017 rulemaking on inclined sleepers and documents to and from certain individuals.	FOIA	[REDACTED]
20-A-00003	On October 19, 2020, you responded, releasing 835 pages of documents, nearly all of which were redacted in their entirety under various exemptions provided by the Freedom of Information Act (FOIA) and by the Consumer Product Safety Act 15 U.S.C. §§ 2055(a)(2), and 2055(b)(1). We are appealing this response, and request that you re-release these materials with appropriate redactions. We are further challenging the withholding of pages with content that has not been specifically identified, but withheld under FOIA Exemptions 3,4,5 and 6, and under the Consumer Product Safety Act 15 U.S.C. §§ 2055(a)(2), and 2055(b)(1).	Appeal	Safety Research & Strategies, Inc.
20-A-00004	On October 31, 2019, the Natural Resources Defense Council (NRDC) submitted a request pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the U.S. Consumer Product Safety Commission's (CPSC's) FOIA regulations, 16 C.F.R. Part 1015, seeking disclosure of "[a]ll records related to chemical testing by the CPSC or its agents or contractors to identify and/or quantify phthalates in children's toys or child care articles, including but not limited to sampling results, protocols, data summaries or analyses, and testing plans. On December 18, 2019, the CPSC denied this request on grounds that it does not "reasonably describe the records being requested," stating that it "would require the agency to conduct an expansive search for a voluminous amount of records, which an agency is not required to do in response to a FOIA request."	Appeal	Natural Resources Defense Council
20-A-00005	Hello, This is [REDACTED] sending this e-mail though I now go by [REDACTED]. I am writing this message to appeal a decision made by the Consumer Product Safety Commission (CPSC) to a Freedom of Information Act (FOIA) request I have made on January 28th 2020. Can you provide prompt responsive information to questions asked in the word document entitled "Decade in Review" and "Questions to the Missouri Commission on	Appeal	Association For The Advancement of Civil Liberties

	<p>Human Rights" abbreviated MCHR? Have you ever visited the Federal Bureau of Investigation main headquarters located in the District of Columbia sometimes referred as J. Edgar Hoover Building? Was the FBI initiated as a Bureau to deal with the civil unrest which transpired at the turn of the 20th Century due to the prohibition of alcohol? Will you join me in moving to implicitly and explicitly denounce medical malpractice and wiretap calling upon the effective and immediate legalization, regulation and taxation of cocaine, ecstasy and marijuana? What are your thoughts about Planned Parenthood having forgone Title X funding to be able to refer females wishing to have an abortion to clinics they can? Will you join me in moving to implicitly and explicitly denounce others looking to overturn the landmark 1973 Supreme Court ruling Roe v Wade; which effectively enabled females to make the best decisions for their bodies? What is the position of the U.S Supreme Court and Planned Parenthood with regards to arranged marriages and incest?" The Association for the Advancement of Civil Liberties (AACL) is an incorporated non-governmental organization. As it's Founding Member, I, [REDACTED] had previously been informed that forms 1023, 2848, 5578, 5768 and SS4 were filed with the Internal Revenue Services (IRS) and that the AACL had been conferred 501(c)(4) status. The AACL is EEO compliant. It does not discriminate on the basis of gender, race, national origin, religious affiliation, sexual orientation or any other attribute the other may associate themselves with. The AACL does not represent in any way the views of the executive, judicial and legislative branches of the U.S government. I, [REDACTED] am a member of the general public: I am a representative of the media. The other has mentioned my YouTube channel on numerous occasions to me between January 2016 until May 20th 2016. The AACL is primarily engaged in disseminating information within the meaning of the statute 5 U.S.C § 552 (a)(6)(E)(v)(II). Obtaining information about government activity, analyzing that information, and widely publishing and disseminating information to the press and public are critical and substantial components of the AACL work and are among its primary activities. The records requested are not sought for commercial and the requester plan to disseminate the information disclosed as a result of this request to the public at no cost. See attached document.</p>		
20-A-00006	<p>We are appealing this response, and request that you re-release these materials with appropriate redactions. We are further challenging the withholding of pages redacted in their entirety, with content that has not been specifically identified. When entire documents are withheld without any context, we have no way of ensuring the redactions comply with our legal right to view documents maintained by a public agency. We request a Vaughan Index and a commission declaration to determine what exactly these materials are, and if they were properly withheld.</p>	Appeal	Safety Research & Strategies, Inc.
20-A-00007	<p>"[W]e challenge the Consumer Product Safety Commission's argument that technical service bulletins can be considered a trade secret or confidential business information."</p>	Appeal	Safety Research & Strategies, Inc.
20-A-00009	<p>On February 6, 2020, you responded that you were withholding from disclosure all records responsive to our request under FOIA Exemption 7(A), 5 U.S.C. § 552(b)(7)(A), because they are associated with the CPSC Office of Compliance and Field Investigation's active law enforcement investigatory files. We are challenging this decision and request that you grant our appeal.</p>	Appeal	Safety Research & Strategies
20-A-00010	<p>According to credible sources, [REDACTED] had filed a charge of discrimination with the EEOC accusing the United States Soccer Federation of wage discrimination in April 2016. The complaint which was filed with the EEOC by the U.S Woman soccer team remains undisclosed. Will you join me in moving to call upon it's prompt disclosure? As a representative of the media, I am just concerned about how the EEOC is going to react to the previous question. Are they going to approach the U.S Woman Soccer team and ask: "Hey, [REDACTED] complainant with the EEOC Charge # 28E – 2014 – 00485 wants to examine the complaint you have submitted to the EEOC in April 2016. Like you he has also separately a complaint in the U.S District Court. Do you consent to your complaint</p>	Appeal	Association For The Advancement of Civil Liberties

	<p>being disclosed to him?" Will the EEOC be asking these questions to members of the U.S soccer team? Will you join me in moving to affirm that if the U.S Woman Soccer team answer is "no," I can accept no? Are the EEOC and the CPSC A O.K with the U.S men soccer team receiving a \$5,000 bonus for a loss in a friendly match, while women earning nothing for a loss or a draw? Are the EEOC and the CPSC A O.K with the U.S men soccer team earning more than \$13,000 (approximately) for winning friendly matches while the U.S woman soccer team receive approximately \$5,000? Are the EEOC and the CPSC A O.K with the U.S Woman Soccer Team earning \$15,000 for trying out and making the team roster for the World Cup while the man earn \$55,000 for trying out and over \$68,000 for making the team roster? Are the EEOC and the CPSC A O.K with terms and conditions which apparently enable the U.S Man Soccer Team to earn \$5.4 million for getting into the last 16 round while paying the U.S Woman Soccer Team \$1.725 million for winning the World Cup? Will you join me in moving to call upon the collective bargaining agreements signed by the U.S Man Soccer Team and the U.S Woman Soccer Team to be promptly disclosed either to my e-mail or in the alternative my mailing address? I had previously sarcastically asked: "4 times World Cup Champion and earning less than their male counterparts who have yet to win a World Cup. Who says the U.S is not making progress towards achieving gender equality in terms of earned revenue for performance?" Have you read the article published by the Guardian on February 12th 2020 about the United States Men Soccer Team admitting that the U.S Soccer Federation discriminates against USA's female players? What is the position of the EEOC and the CPSC with regards to discrepancy of pay based on gender, race, national origin, religious affiliation, sexual orientation or any other attribute the other may associate themselves with? Will you join me in moving to implicitly and explicitly denounce sexism and misogyny? See attached documents in e-mail.</p>		
<p>20-A-00011</p>	<p>Freedom of Information Act Appeal with the Consumer Product Safety Commission (CPSC) I am really concerned: I am worried. Records requested from the CPSC have not been disclosed. As a former covered entity of the DMH, who became so on June 20th 2013, I continue to be concerned about preferential treatment ongoing in the Biggs Forensic Center (Social Learning Program). These concerns, I had previously raised them during my employment to my immediate supervisor [REDACTED] who was at the time I was a public employee a Registered Nurse (RN IV) and [REDACTED] who was a Forensic Rehab Specialist (FRS III). I was disciplined for raising conscientious objections to preferential treatment in healthcare ongoing in the Biggs Forensic Center (Social Learning Program).</p>	<p>Appeal</p>	<p>Association For The Advancement of Civil Liberties</p>
<p>20-A-00012</p>	<p>I am just concerned: I am worried. The CPSC has not disclosed requested records despite stated request. For instance, I have requested for my personal health information (PHI) to be promptly disclosed: it has not been so. I have also requested for the content material of my detention from McDonalds to Washington Adventist University Hospital and all medical records which are in the possession of Washington Adventist University Hospital to be promptly disclosed to my e-mail address: they have not been so. As a former covered entity of the Missouri Department of Mental Health (DMH) located 600 East 5th Street, Fulton, Missouri, 65251 who became so on June 20th 2013; I continue to be concerned about the Food and Drug Administration (FDA) having failed to promptly disclose the non-anonymous complaints which were submitted to them by employees and legal representatives of fast food chain restaurants which include but are not limited to Burger King, Dominoes, Dunkin Doughnuts, McDonalds, Pizza Hut, Popeyes, Starbucks, Subway, Taco Bell, Wendy's which have led to an investigation. The FDA have also not disclosed the non-anonymous complaints which have led to investigations when filed by employees and legal representatives of restaurants who have obtained from the FDA a liquor license. The FDA have neither disclosed the non-anonymous complaints nor the investigations they have launched as a direct consequence of a non-anonymous complaint having been submitted to them. As a matter of public safety and security, the CPSC don't say they have gone into contact with employees and legal representatives of retail stores such as Dick Sporting Good, Krojer, Walmart, thrift</p>	<p>Appeal</p>	<p>Association For The Advancement of Civil Liberties</p>

	stores and gun stores and called upon them to register an account with the Public Access to Court Electronic Records (PACER) and refrain from selling firearms to people with a history of mental illness and upon whom a motion has been filed prohibiting their possession of a firearm. Would instances of mass shooting rampages not significantly decrease if the CPSC and retail stores implemented the measures suggested in the previous sentences? Would that not save lives? See attached documents in e-mail for additional information requesting records.

20-F-00151	Hi, I am looking for information on cases of phone charger injuries, primarily electrical burn injuries from a charger plugged in to a live socket but not in use (not charging a phone therefore free USB end). For instance, there have been injuries documented in the press as a result of children biting or sucking on the free charger, as well as a woman whose necklace touched this free end, also when plugged in to a live outlet. Is there anyone at your office who can comment on the number of cases and why they believe some chargers (generic) have the ability to release a current when the USB portion is sucked on or is touched with metal? As a dentist I am interested in the child safety oral injury aspect of this. Sarah Shell, DDS (Date Range for Record Search: From 10/01/2008 To 01/23/2020)	FOIA	-

20-F-00232	I was detained in the McDonalds located between the Food & Drug Administration (FDA) and White Oak Library in March 2015. I was detained at the McDonalds located 11146 New Hampshire Ave, Silver Spring; MD. and then taken to Washington Adventist University Hospital. My personal health information (PHI) from Washington Adventist University to this day has not been disclosed. Will you join me in moving to call upon Washington Adventist University Hospital to promptly disclose my PHI? Have you had the opportunity to read Johnatan MetzI book entitled "Schizophrenia: The Protest Psychosis?" Will you join me in moving to implicitly & explicitly denounce others looking to use the diagnosis of schizophrenia to socially alienate, delegitimize, discredit, exclude, marginalize & ostracize others? I am just concerned: I am worried. The Department of Justice (DoJ) had published their investigation of the Ferguson Police Department pursuant to violent crime and omnibus act the same month I was detained. Took place in Richmond, VA a gun rally on January 21st 2020. Virginia Governor Northam had previously declared a State of Emergency. I have been in on and off correspondence with the U.S Court of Appeals located 1100 East Main Street, Richmond; VA. Have you ever registered an account with the Public Access to Court Electronic Records (PACER)? How to universalize background checks? Have you ever connected with the Department of Commerce and the United States Department of State? Will you join me in moving to call upon retail stores such as Dick Sporting Good, Krojer and Walmart to check the validity of the hunting or other license presented before them before selling their firearms?
