Section 743(a) of the Consolidated Appropriations Act, 2010 (Consolidated Appropriations Act), 31 U.S.C. § 501 note, requires agencies, including independent agencies, to submit to the U.S. Office of Management and Budget (OMB), an annual inventory of service contracts either newly awarded or extended through the exercise of an option. Section 743(c) of the Consolidated Appropriations Act requires agencies to “publish in the *Federal Register* a notice that the inventory is available to the public.” OMB also requires that agencies submit an analysis of the previous year’s inventory, in this case for the fiscal year (FY) 2021 inventory, and a plan for how the agency will analyze the current year’s inventory, which is for FY 2022.

The Office of the General Counsel has prepared the attached draft *Federal Register* notice to comply with section 743(c). The notice explains that OMB posted for public access a consolidated government-wide Service Contract Inventory for FY 2022 at: <https://www.acquisition.gov/service-contract-inventory>, and CPSC’s FY 2022 Inventory is available on that website. Additionally, the draft notice informs the public that CPSC’s Office of Procurement posted the required analysis of the agency’s FY 2021 Inventory, and a plan for analysis of the FY 2022 Inventory, on CPSC’s website at: <https://www.cpsc.gov/Agency-Reports/Service-Contract-Inventory>.
