

MEETING LOG

SUBJECT: Ready, Set, Safe! Gate Safety Update

FY26 OP PLAN ENTRY: Building Codes

DATE OF MEETING: 6/22/2026

LOCATION OF MEETING: In-Person at 5 Research Place, Rockville, MD

CPSC STAFF FILING MEETING LOG: Daniel Taxier (ESMC)

FILING DATE: 7/2/2026

CPSC ATTENDEE(S): Daniel Taxier (ESMC) and Mark Kumagai (ES)

NON-CPSC ATTENDEE(S): Kevin Cummins (Franklin Square Group) and Eric Quanbeck (Ready, Set, Safe!)

Summary of Meeting:

The participants discussed pending updates to the International Code Council's (ICC's) model codes that will include requirements for manual swing gates and sliding gates based on ASTM F900 and ASTM F1184. The updates are approved for 2027 and affect the International Building Code, International Residential Code, International Existing Building Code, and International Property Maintenance Code. Mr. Cummins and Mr. Quanbeck thanked staff for the letter of support for this effort dated March 2025.¹ The participants also discussed outreach and education opportunities to inform stakeholders of the pending change. Staff discussed the National Association of State Fire Marshals as a potential stakeholder. Staff also described the various annual outreach efforts conducted by CPSC, including for pool safety and back to school safety.
