

Happy Holidays Start with Safety!

Top Tips for Celebrating Safely this Holiday Season

Decorating

- Keep your live Christmas tree well-watered and look for the “Fire Resistant” label when buying an artificial tree.
- Place burning candles away from flammable items, and blow them out before leaving the room.
- Only use lights tested for safety and throw out sets with broken sockets, or frayed wires.

Toys

- Follow safety information on packages, and choose toys that match your child’s abilities.
- Get safety gear and ensure it’s worn properly at all times and sized to fit.
- Keep small balls and toys with small parts away from children younger than age 3.
