**SUBJECT:** Notice of Availability and Request for Comment: Revision to the Voluntary Standard for Non-Full-Size Baby Cribs and Play Yards

**TIME CRITICAL BALLOT VOTE DUE:** 5:00pm, Friday, December 09, 2022

Attached is a draft *Federal Register* notice, announcing that on December 5, 2022, the Commission received notification that the voluntary standard, *Standard Consumer Safety Specification for Non-Full-Size Baby Cribs/Play Yards*, ASTM F406, has been revised. Two Commission rules incorporate by reference applicable provisions of ASTM F406: (1) Safety Standard for Non-Full-Size Baby Cribs, codified at 16 CFR part 1220, and (2) Safety Standard for Play Yards, codified at 16 CFR part 1221.

Pursuant to section 104(b)(4)(B) of the Consumer Product Safety Improvement Act of 2008 (CPSIA), if a voluntary standards organization revises a standard that has been adopted, in whole or in part, as a mandatory consumer product safety standard under CPSIA section 104, it must notify the Commission. The revised voluntary standard shall then be considered a consumer product safety standard issued by the Commission under section 9 of the Consumer Product Safety Act, effective 180 days after the date on which the organization notifies the Commission (or a later date specified by the Commission) unless, within 90 days after receiving that notice, the Commission responds to the organization that it has determined that the proposed revision does not improve the safety of the consumer product covered by the standard. 15 U.S.C. § 2056a(b)(4)(B). Consistent with section 104(b)(4)(B), CPSC staff is assessing the revised voluntary standard to determine its effect on the safety of non-full-size baby cribs and play yards.

In the draft notice, CPSC seeks comment from the public on whether the revision improves the safety of the consumer products covered by the standard. To provide sufficient time for CPSC staff's consideration of any comments received and subsequent Commission consideration within the 90-day statutory time frame, the draft notice provides a 14-day public comment period. Likewise, to expedite publication of the draft notice in the *Federal Register*, the General Counsel has designated this matter as "time critical," pursuant to section V of the Commission's Decision Making Procedures.

**SUPPLEMENTARY INFORMATION:**

Section 104(b) of the Consumer Product Safety Improvement Act of 2008 (CPSIA) requires the Commission to adopt mandatory standards for durable infant or toddler products. 15 U.S.C. 2056a(b)(1). Mandatory standards may be based, in whole or in part, on a voluntary

**DRAFT**

standard.

Pursuant to section 104(b)(4)(B) of the CPSIA, if a voluntary standards organization revises a standard that has been adopted, in whole or in part, as a consumer product safety standard under CPSIA section 104, it must notify the Commission. The revised voluntary standard then shall be considered to be a consumer product safety standard issued by the Commission under section 9 of the Consumer Product Safety Act (15 U.S.C. 2058), effective 180 days after the date on which the organization notifies the Commission (or a later date specified by the Commission in the *Federal Register*) unless, within 90 days after receiving that notice, the Commission responds to the organization that it has determined that the proposed revision does not improve the safety of the consumer product covered by the standard, and therefore the Commission is retaining its existing mandatory consumer product safety standard. 15 U.S.C. 2056a(b)(4)(B).

Under this authority, the Commission issued two mandatory safety rules that incorporate by reference applicable provisions of ASTM F406: Safety Standard for Non-Full-Size Baby Cribs, codified at 16 CFR part 1220 (75 FR 81787, Dec. 28, 2010), and Safety Standard for Play Yards, codified at 16 CFR part 1221 (77 FR 52228, Aug. 29, 2012). These mandatory standards include performance requirements and test methods, as well as requirements for warning labels and instructions, to address hazards to children. After the Commission's promulgation of these final rules, ASTM published several revisions to ASTM F406 that the Commission allowed to take effect, most recently in 2019. 84 FR 56684 (Oct. 23, 2019).

On December 5, 2022, ASTM notified the Commission that it had approved and published another revised version of the voluntary standard, ASTM F406-22. CPSC staff is assessing the revised voluntary standard to determine, consistent with section 104(b)(4)(B) of the

**DRAFT**

CPSIA, its effect on the safety of non-full-size baby cribs subject to 16 CFR part 1220, and, separately, the safety of play yards subject to 16 CFR part 1221. The Commission invites public comment on those questions to inform staff's assessment and subsequent Commission consideration of the revisions in ASTM F406-22. The Commission particularly seeks comment on the impact of ASTM F406-22's revisions regarding mattress thickness, gap measurement, and the length of loops for cords/straps.<sup>1</sup>

A read-only copy of a redline demonstrating revisions to ASTM F406 is available for review on ASTM's website (<https://www.astm.org/CPSC.htm>), at no cost. Likewise, a read-only copy of the existing, incorporated standard, ASTM F406-19, is available for viewing, at no cost, on the ASTM website at: <https://www.astm.org/READINGLIBRARY/>. Interested parties can also download copies of the standards by purchasing them from ASTM International, 100 Barr Harbor Drive, P.O. Box C700, West Conshohocken, PA 19428-2959; phone: 610-832-9585; <https://www.astm.org>. Alternatively, interested parties may schedule an appointment to inspect copies of the standards at CPSC's Office of the Secretary, U.S. Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814, telephone: 301-504-7479; email: [cpsc-os@cpsc.gov](mailto:cpsc-os@cpsc.gov).

Comments must be received by **[INSERT DATE 14 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**. Because of the short statutory time frame Congress established for the Commission to consider revised voluntary standards under section 104(b)(4) of the CPSIA, CPSC will not consider comments received after this date.
