21-F-00104	We represent [REDACTED] who was severely burned on October 12, 2019 while using a Sunbeam Express Crock Pot, Model No. SCCPPC600-V1. In connection therewith, please provide us with all documents related to the recall pursuant to the Freedom of Information Act.	FOIA	Sullivan Papain Bloack McGrath Coffinas & Cannavo
21-F-00105	I'm requesting access to the following records under the Freedom of Information Act: - Any and all reports submitted pursuant to Section 37 of the Consumer Product Safety Act, from Jan. 1, 2010 through the present. - Any and all written requests—as described in Sec. 6(e)(3) of the CPSA—submitted to the Commission for "authenticated copies of reports furnished by or on behalf of such manufacturer in accordance with section 37" from Jan. 1, 2010 until the present. Please note, I am only seeking the written requests seeking authenticated copies of reports submitted pursuant to Section 37. As applicable Department regulations provide, I will anticipate your determination within ten (10) calendar days. I certify this statement to be true and correct. Reasonably Foreseeable Harm. The FOIA Improvement Act of 2016 amended the FOIA as follows (5 USC 552(a)(8)): (A) An agency shall— (i) withhold information under this section only if— (I) the agency reasonably foresees that disclosure would harm an interest protected by an exemption described in subsection (b); or (II) disclosure is prohibited by law; and (ii) (I) consider whether partial disclosure of information is possible whenever the agency determines that a full disclosure of a requested record is not possible; and (II) take reasonable steps necessary to segregate and release nonexempt information. The CPSC should not fail to comply with this mandatory part of the FOIA as recently amended by Congress. The Agency is required to identify what reasonably foreseeable harm would flow from release of the information withheld, nor did it consider a partial disclosure of the information, taking reasonable steps to segregate and release nonexempt information. I request that any releases stemming from this request be provided to me in digital format, preferably by email, or (soft-copy) on a compact disk or other like media. If any records are withheld pursuant to exemptions set under the FOIA, please inform me of the number of records that are being held pursuant to those redactions.	FOIA	Consumer Reports

21-F-00108	I would like to submit a detailed FOIA request on three records identified in the "toy-related deaths and Injuries Calendar Year 2019" document (attached). The three records are: "Rock-Shaped Toy A 3-year-old boy was found cold and unresponsive in his bed. Emergency medical services responded to a 911 call and determined that the victim was deceased. An autopsy revealed a small, gray plastic, rock-shaped toy was completely blocking the victim's proximal airway. The cause of death was asphyxiation due to suffocation, and the manner of death was accidental. Rock from a Construction Set A 3-year-old boy passed from choking on one of the rocks from a 12-piece construction play set. Toy Ring A 2-year-old girl was heard choking by her mother, who could not dislodge the object and called 911. The mother stated she believed that her daughter choked on a pink toy, diamond-shaped lip gloss ring and that the victim disassembled the toy before swallowing it. The victim was pronounced deceased at the hospital 3 days later, and the cause of death was anoxic brain injury asphyxia due to foreign body internal airway occlusion." We would appreciate receiving a detailed information about each specific case. Thank you very much! (Date Range for Record Search: From 01/01/2019 To 12/31/2019)	FOIA	
21-F-00109	Any and all records, including but not limited to recalls, notices, letters, e-mails, lawsuits, violations, hazards warnings, etc., concerning investigations into fire incidents caused or allegedly caused by metal halide light bulbs, including non-passive failures of metal halide light bulbs from January 1, 2006 to the present; and investigations related to Ledvance, LLC d/b/a Sylvania, including its design and manufacture of metal halide light bulbs, as well as any injuries or property damage caused by metal halide light bulbs from January 1, 2006 to the present. 21-F-00110	I am requesting status on our request for FOIA # 20-F-00390. I did not receive any records yet. Also, I understand Sunbeam issued a recall, so all records should now be produced, including those CPSC was already preparing. I sent multiple emails for status and did not receive a response yet.	FOIA	Law Offices of Jason Turchin
21-F-00111	We are requesting details of the toy-related death published in the report "Toy-Related Deaths and Injuries Calendar Year 2019" by Angie Qin, Division of Hazard Analysis, Directorate for Epidemiology U.S. Consumer Product Safety Commission and dated November 2020 which indicates: "A 7-month-old boy was found by family choking on an object while playing with his brother. EMS transported the victim to the ER; they removed a 3 centimeter (cm) hard plastic ball from his airway. The victim was pronounced deceased at the hospital, and the medical examiner concluded that the victim died as a result of apparently choking on a foreign object." Please provide relevant event dates and all available details about the specific toy involved in the incident.	FOIA	Intertek
21-F-00112	We are requesting details of the toy-related death published in the report "Toy-Related Deaths and Injuries Calendar Year 2019" by Angie Qin, Division of Hazard Analysis, Directorate for Epidemiology U.S. Consumer Product Safety Commission and dated November 2020 which indicates: "A 16-month-old girl placed a small, round, toy object in her mouth and inhaled when the mother reached to remove the toy. The mother and police were not able to remove the object from her throat. She was transported to the hospital, where she expired." Please provide relevant event dates and all available details about the specific toy involved in the incident.	FOIA	Intertek
21-F-00113	We are requesting details of the toy-related death published in the report "Toy-Related Deaths and Injuries Calendar Year 2019" by Angie Qin, Division of Hazard Analysis, Directorate for Epidemiology U.S. Consumer Product Safety Commission and dated November 2020 which indicates: "A 20-month-old boy with a history of chronic bronchitis became unresponsive at home. He was taken to a local hospital, where he was pronounced dead. An autopsy revealed that a small, blue plastic ball obstructed the victim's airway. The cause of death was ruled to be complications from foreign object inhalation with a contributing factor of chronic bronchitis." Please provide relevant event dates and all available details about the specific toy involved in the incident.	FOIA	Intertek
21-F-00114	We are requesting details of the toy-related death published in the report "Toy-Related Deaths and Injuries Calendar Year 2019" by Angie Qin, Division of Hazard Analysis, Directorate for Epidemiology U.S. Consumer Product Safety Commission and dated November 2020 which indicates: "A 7-year-old boy with developmental delays was found by mother to have trouble breathing. EMS transported the boy to the hospital, where he became unresponsive. Chest compressions dislodged a small, plastic ball, about 3 cm. Cause of death was apparent aspiration of foreign object." Please provide relevant event dates and all available details about the specific toy involved in the incident.	FOIA	Intertek
21-F-00115	We are requesting details of the toy-related death published in the report "Toy-Related Deaths and Injuries Calendar Year 2019" by Angie Qin, Division of Hazard Analysis, Directorate for Epidemiology U.S. Consumer Product Safety Commission and dated November 2020 which indicates: "Rock-Shaped Toy - A 3-year-old boy was found cold and unresponsive in his bed.
