My Agency, the Morris County Prosecutor's Office, is investigating an infant death in which the child is alleged to have been in a Rock 'n Play sleeper prior to or near the time of the death. It has been suggested that the Rock 'n Play has caused deaths like the one under investigation; however, based on the instant investigation and the HCOR Report, it does not appear that the cause and manner of death in the Morris County incident would be consistent with the prior deaths and/or injuries acknowledged by Fisher-Price to the CPSC.
