(Briefing package dated March 22, 2017. OS No. 4842)

DECISION:

The Commission voted unanimously (5-0) to approve publication in the *Federal Register*, as drafted, of the notice of proposed rulemaking that would incorporate by reference, with one modification, the voluntary safety standard for infant inclined sleep products pursuant to the Danny Keysar Child Product Safety Notification Act, section 104 of the Consumer Product Safety Improvement Act of 2008. In addition, the proposed rule proposes to: amend the definition of "durable infant or toddler product" in the consumer registration rule to clarify that inclined sleep products fall within the category of "durable infant or toddler product," and amend 16 C.F.R. part 1112 to include the mandatory standard for inclined sleep products in the list of notices of requirements.
