ITEM:

ASTM's Revised Safety Standard for Gates and Enclosures
(Briefing package dated October 6, 2022, OS No. 0166)

DECISION:

The Commission voted (3-1) to approve publication of a *Federal Register* notice as drafted, to issue a direct final rule to update the ASTM standard incorporated by reference in the Safety Standard for Gates and Enclosures codified at 16 CFR part 1239, to reflect the most recent version of the ASTM standard, ASTM F1004-22.

Chair Hoehn-Saric, Commissioners Feldman and Boyle voted to approve the notice as drafted.

Commissioner Trumka voted to determine that the proposed revision does not improve the safety of gates and enclosures and therefore not approve publication of the notice in the *Federal Register*.
