Standard for the Flammability of Mattresses and Mattress Pads SRM 1196a Cigarette
(Briefing package dated June 9, 2021, OS# 0067)

DECISION:

The Commission voted unanimously (4-0) to approve publication of a *Federal Register* notice as drafted, to issue a final rule to amend its Standard for the Flammability of Mattresses and Mattress Pads, 16 CFR part 1632. The ignition source cigarette specified in the standard for use in the standard's performance tests, Standard Reference Material cigarette SRM 1196, is no longer available for purchase. This final rule amends the mattress standard to require a revised Standard Reference Material cigarette, SRM 1196a, which was developed by the National Institute of Standards and Technology, as the ignition source for testing to the standard.
