ITEM:

Notice of Availability and Request for Comment: Revision to the Voluntary Standard for Bedside Sleepers
(Briefing package dated February 8, 2023)

DECISION:

The Commission voted unanimously (4-0) to approve publication of a *Federal Register* notice as drafted, announcing that on February 6, 2023, the Commission received notice that ASTM approved and published a revision to the voluntary standard, ASTM F2906, *Standard Consumer Safety Specification for Bedside Sleepers*. The Commission's rule, Safety Standard for Bedside Sleepers, codified at 16 C.F.R. part 1222, incorporates by reference ASTM F2906. The *Federal Register* notice seeks comment on whether the revised voluntary standard improves the safety of the consumer product covered by the standard, namely bedside sleepers.
