ITEM:

Final Rule: Safety Standard for Infant Bouncer Seats
(Briefing package dated August 23, 2017, OS No. 3407)

DECISION:

The Commission voted 3-2 to approve publication in the *Federal Register*, as drafted, a final rule establishing a mandatory safety standard for infant bouncer seats under the Danny Keysar Child Product Safety Notification Act, section 104 of the Consumer Product Safety Improvement Act of 2008. The final rule incorporates by reference the voluntary standard, ASTM F2167-17, *Standard Consumer Safety Specification for Infant Bouncer Seats*, with modifications to requirements for warning label content and placement to strengthen the standard and further reduce the risk of injury associated with falls from infant bouncer seats.

Commissioner Adler, Commissioner Robinson and Commissioner Kaye voted to approve. Acting Chairman Buerkle and Commissioner Mohorovic voted to take other action as follows: Direct the staff to revise the draft final rule so as to incorporate ASTM F2167-17 by reference without modifications and publish the revised final rule in the *Federal Register*.
