CPSC ATTENDEE(S): Matthew Barzola, Vineed Dayal, Simon Lee

NON-CPSC ATTENDEE(S): Contact ASTM for a list of non-CPSC attendees.

Summary of Meeting:

Contact ASTM for more details related to this meeting.

Staff attended the bi-annual ASTM F48 Committee on Exoskeletons and Exosuits Meetings from 12/09/2024 to 12/12/2024. The meeting was advertised and open to the public. Staff was invited to monitor these meetings by the F48.03 Subcommittee Chair on 12/03/2024. Staff's focus was to monitor the meetings, as resources allowed, to gain a general understanding of the committee's current work towards a standard for exoskeletons and exosuits.

Staff were able to virtually attend and listen to portions of the following meetings:

- FDA Update on Medical Exoskeletons
- David Audet, Exoskeletons and Related Technologies in the Army
- F48.03 Task Performance and Environmental Considerations

Next Steps:

Staff will continue to collaborate with ASTM F48.03, on consumer product related issues, as needed and as staff resources allow.
