

Safe Sleep for Babies

Safe Sleeping Tips For Baby

- ✓ Place infant(s) to sleep on their backs
- ✓ Use firm, tight-fitting mattress
- ✓ Never use extra padding, blankets, or pillows under baby
- ✓ Remove pillows or thick comforters
- ✓ Positioning devices are not necessary and can be deadly
- ✓ Regularly check crib for loose, missing or broken parts or slats
- ✓ Do not try to fix a broken crib
- ✓ Place cribs or playpens away from windows to avoid window covering or fall hazards

Safe Sleep

* Beginning June 28, 2011, all cribs sold in the United States must meet new federal requirements.

Check www.cpsc.gov to find out if your crib, bassinet, or
play yard has been recalled.
