November 10, 2022

Ms. Katharine E. Morgan
President
ASTM International
100 Barr Harbor Drive
West Conshohocken, PA 19428

Dear Ms. Morgan:

Thank you for your letter of July 5, 2022, notifying the U.S. Consumer Product Safety Commission (CPSC), about publication of a revised standard, ASTM F2088-22, *Standard Consumer Safety Specification for Infant and Cradle Swings*.

The Commission has accepted the revised voluntary standard and has published a direct final rule in the *Federal Register* to update the Safety Standard for Infant Swings, 16 CFR part 1223, to incorporate by reference ASTM F2088-22 (87 *Fed. Reg.* 57390 (Sep. 20, 2022)).

The effective date of the standard is January 1, 2023. The *Federal Register* notice is available at <https://www.govinfo.gov/content/pkg/FR-2022-09-20/pdf/2022-20246.pdf>.

Under the procedures for read-only access recently agreed to by ASTM, CPSC requests that a read-only version of ASTM F2088-22, *Standard Consumer Safety Specification for Infant and Cradle Swings*, be made available to the public in the ASTM Reading Room, (www.astm.org/READINGLIBRARY/) as of January 1, 2023.

Thank you for your assistance in improving consumer product safety.

Sincerely,

Carlos Torres

*Infant and Cradle Swings Project Manager
Division of Mechanical and Combustion Engineering*

cc: Jacqueline Campbell – CPSC Voluntary Standards Coordinator
Donald Mays – Chairman, ASTM Committee F15 on Consumer Products
Julia Costello – ASTM Infant and Cradle Swings Subcommittee Chairman
