

**LOG OF MEETING**  
**OFFICE OF HAZARD IDENTIFICATION AND REDUCTION**

**SUBJECT:** UL 8400 STP Meeting on the proposed first edition of the Standard for Safety for Virtual Reality, Augmented Reality, and Mixed Reality Technology Equipment

**DATE OF MEETING:** June 10 – 11, 2020 9am – 12pm, ET

**LOG ENTRY SOURCE:** Treye Thomas (EXHR)

**DATE OF LOG ENTRY:** June 16, 2020

**LOCATION:** Teleconference

**CPSC ATTENDEE(S):** Treye Thomas (EXHR) and Stephen Harsanyi (ESHF)

**NON-CPSC ATTENDEE(S):** Contact UL for the attendee list.

**Summary of meeting:**

The STP members discussed and arrived at a general agreement on scope and terms of the proposed safety standard for virtual, augmented, and mixed reality products. The members developed a table of product categories and available tests that may be used for these specific product types. The next steps will include categorizing which proposed tests apply to which category and if the proposed tests are appropriate. A DoodlePoll for a series of virtual follow-up meetings will be sent out to the STP members. These meetings will further build upon the framework discussion as well as comments received to date.
