2) As a result of the above, the total amount of the contract is increased by $40,637.87 from $466,327.40 to $507,265.27.

3) Primary support by Evoke Team will NOT include work on the CPSC Press Release Recall contract (Contract No. HHSN316201200061W / CPSC-F-16-0094). That work includes, but will not be limited to the following:

- Providing a public-facing interface for external vendors to submit their recall press release content.
- Adding new templates to cover additional variations of the recall press release.
- Additional training
- Implementing a similar process for other content types such as news room news release.
- Additional integration with CPSC hosted applications (e.g., IFS, DCM, ESB, Drupal, etc.)
- In addition, continuous changes to the Drupal system during initial development reveal an expected on-going need to sync the SharePoint-based system with changes from the web team.

If requests are identified as a new requirement, contractor will document and provide analysis of the level of effort required and the costs associated to complete the work. Any additional work not stated within the scope of the work is considered as extra and must be mutually agreed to in writing by CPSC and Evoke.

4) All other terms and conditions of the contract shall remain unchanged and in full force and effect.
