
PART 744—[AMENDED]

2. The authority citation for 15 CFR part 744 is revised to read as follows:

CONSUMER PRODUCT SAFETY COMMISSION

16 CFR Chapter II

Acceptance of ASTM F963–11 as a Mandatory Consumer Product Safety Standard

AGENCY: Consumer Product Safety Commission.

ACTION: Acceptance of standard.

DATES: ASTM F963–11 will become effective on June 12, 2012.

FOR FURTHER INFORMATION CONTACT: Jonathan Midgett, Ph.D., Office of Hazard Identification and Reduction, U.S. Consumer Product Safety Commission, 4330 East West Highway, Suite 600, Bethesda, MD 20814; telephone (301) 504–7692; email jmidgett@cpsc.gov.

SUPPLEMENTARY INFORMATION:

On December 15, 2011, ASTM officially proposed revisions to the existing standard for Commission consideration, by submitting ASTM F963–11, Standard Consumer Safety Specifications for Toy Safety. ASTM proposes replacing ASTM F963–08 with the revised ASTM F963–11 version. Section 106(g) of the CPSIA provides that, upon ASTM notifying the Commission of proposed revisions to ASTM F963, the Commission must incorporate the revisions into the consumer product safety rule, unless within 90 days of receiving the notice, the Commission notifies ASTM that it has determined that the proposed revisions do not improve the safety of the consumer product(s) covered by the standard.

The Commission considers the proposed revisions in ASTM F963–11 improve the safety of the consumer products covered by the standard. Therefore, although the CPSIA does not require us to issue a notice in the Federal Register announcing our decision, we are, through this notice, announcing that the CPSC accepts the revisions as mandatory consumer product safety standards. ASTM F963–11 will become effective as a mandatory consumer product safety standard on June 12, 2012. However, because ASTM F963–11 does not reincorporate section 4.27 (toy chests) of ASTM F963–07, that provision from ASTM F963–07 regarding toy chests remains in effect.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.
