Statement of Work for Modification to Task Order 0004
Respondent Recruitment
Under Contract #CPSC-D-09-0004

1. Description of Services

The contractor shall identify 100 potential survey respondents who are owners of table saws that have a modular blade guard design and shall recruit the respondents to participate in a survey. The contractor is currently providing this service for 100 respondents under Task Order 0004 of Contract CPSC-D-09-0004.

2. Background

In order for CPSC staff to evaluate the effectiveness of a new blade guard design that was introduced to the table saw market in late 2008, staff must identify consumers who have purchased a table saw with the new modular blade guard and interview the consumers. Consumers who own table saws with the new modular blade guard will have purchased the table saw within the last 3 years. This is a narrow population to identify and recruit for a survey.

There is an ongoing effort with the contractor to recruit 100 respondents for the survey effort. The effort is now being expanded to recruit a total of 200 respondents to participate in a table saw survey.

3. Objective

To identify 100 additional potential survey respondents who are owners of table saws that have a modular blade guard design and to recruit the respondents to participate in a survey.

4. Description of Work

a. The Contractor shall execute all necessary preparatory and logistical activities to recruit one hundred (100) respondents.

b. The Contractor shall use the existing recruitment strategy developed under Task 0004 of this same contract. The attributes of the respondents shall be someone who:
   - Purchased any type new table saw since 2009 that has a modular blade guard system
   - Has used the subject table saw within the last year (the Contractor shall note if it was for personal or professional use)
   - Is familiar with the current condition of the saw. This would include the presence of safety devices (at minimum, the modular blade guard and the riving knife) that are delivered with the purchase of the saw.
c. The Contractor shall make an effort to recruit respondents with a variety of woodworking experience (beginners to experts), both male and female users (although this is not be a high priority), users from different regions throughout the United States, and different age groups (although again, not a high priority). The Contractor shall ensure that only one respondent per household is recruited.

d. The Contractor shall execute the recruitment strategy and compile a list of potential participants. The Contractor shall provide a brief but detailed description of each respondent’s qualifications. The descriptions shall include:
   • Respondent’s contact information
   • Respondent’s preferred days/times of contact
   • Respondent’s age and gender
   • Year that table saw was purchased
   • Type of table saw (bench saw, contractor saw, cabinet saw)
   • Table saw manufacturer and model number
   • Confirmation that the table saw has (or was purchased with) a modular guard system
   • Confirmation that the respondent is familiar with the product and the guard system
   • Indicator/identification if respondent use of table saw was occupational

e. The Contractor shall provide a list of newly recruited respondents with the Information from (g) to CPSC on a weekly basis.

f. After completion of the respondent recruitment effort, the Contractor shall prepare a report summarizing the methodology and results.

5. Period of Performance

Period of performance shall begin upon receipt of task award and shall extend 12 months from OMB clearance (OMB clearance obtained in Task 0004). The estimated dates are June 15, 2013 to December 31, 2013.

6. Reporting Requirements

The Contractor shall submit a list of recruited participants to the Contracting Officer Representative on a weekly basis. After completion of the recruitment effort, the Contractor shall prepare a report summarizing the recruitment methodology and results.

a. List of recruited participants.
   1. Format – Excel sheet with participant information shall be emailed to the Contracting Officer Representative
   2. Content – respondent’s qualifications, contact information, and preferred contact dates/times

b. Final Report
   1. Format – the Final Report shall be e-mailed to the Contracting Officer Representative
2. Content – The Final Report shall summarize the results of methods used to identify respondents, the questions used to determine eligibility, and the results of the recruitment effort.

9. Delivery
