1. STATEMENT OF WORK

A. Background Information

The U.S. Consumer Product Safety Commission (CPSC) is responsible for protecting the public from unreasonable risks of injury associated with consumer products. Thus, the Commission has established a network of injury surveillance systems to obtain data on product-related accidents, i.e., the National Electronic Injury Surveillance System (NEISS). Data from these systems are closely monitored by CPSC staff to detect products with safety problems. Information on products involved in a fatality are of particular importance in that they enable the Commission to measure the magnitude of death problems relating to those products under the Consumer Product Safety Act, 15 U.S.C. 2051 et. seq.

The Medical Examiners and Coroners Alert Program (MECAP) was designed by CPSC to obtain information on product-related deaths at the earliest possible moment from the most knowledgeable sources. Information collected from this system is particularly valuable since medical examiners and coroners can frequently provide information on the type of consumer product associated with the incident, the accident scenario, and the cause of death, while the product is still available for examination and/or evaluation. This information system has assisted in identifying a number of serious product hazards that have been addressed by the Commission.

B. Objective of the Program

The objective of this program is to collect information on consumer product-related fatalities occurring in those States/Counties having a centralized system of medical examiners/coroners.

C. Statement of Work

Independently, and not as an agent of the U.S. Government, the Contractor agrees to provide to CPSC reports of fatalities involving consumer products, as specified below:

1. The Contractor agrees to review and screen all fatality cases within the jurisdiction of the following Medical Examiner's Offices:

   Chief Medical Examiner's Office (District 9)
   1401 Lucerne Terrace
   Orlando, Florida 32806
   ATTN: Dr. Shashi Gore, M.D.
   Telephone: (407) 836-9424

   Chief Medical Examiner's Office (District 18)
   Rockledge, Florida

   Chief Medical Examiner's Office (District 5)
   Leesburg, Florida

   Chief Medical Examiner's Office (District 7)
   Daytona, Florida
The Contractor shall determine which cases are "in-scope" (i.e., within the scope of CPSC's jurisdiction) and which are "out-of-scope" (i.e., outside CPSC's jurisdiction). In-scope cases shall be those accidental deaths in which a consumer product played a role in the accidental death scenario. All in-scope cases within the Contractor's jurisdiction are to be reported to CPSC under this contract using a process to be agreed upon with CPSC: either copying of the medical examiner's record or transcription onto the Medical Examiner's/Coroner's Report Form (attached). Reports shall be mailed to CPSC within three (3) days of receipt/copying. Access to these reports shall be at a time convenient to the Medical Examiner's Office and the Contractor.

2. The term "consumer product" is defined as any article, or component part thereof, customarily produced or distributed for sale to, or for the use, consumption, or enjoyment by a consumer in or around a household or residence, a school, in recreation, or otherwise. It does not include the following articles or products, which are under the jurisdiction of other federal or state agencies:

   a. Tobacco and tobacco products
   b. Licensed motor vehicles and their equipment
   c. Pesticides, fungicides and herbicides
   d. Aircraft and their equipment
   e. Boats and their equipment
   f. Drugs, medical devices, cosmetics, and food
   g. Firearms and ammunition

3. Information to be provided in the reports to the Commission under this contract shall include:

   a. Medical Examiner/Coroner Case Number;
   b. Date of accident;
   c. Date of death;
   d. Age and sex of the victim;
   e. Type of consumer product involved (including brand name, if available). (Information on product involvement is highly desirable);
   f. The location involved in the incident;
   g. Scenario depicting sequence of events;
   h. Information as to whether the product involved in the accident is available for examination or testing;
   i. Name, phone number, and county of deputy medical examiner reporting the incident; and
   j. Cause of death.

A copy of the format to be used for these reports is attached.

4. If any incident involves a product that malfunctioned, (i.e., defective) or did not operate as intended, the Contractor agrees to call the report in immediately to the CPSC Project Officer, (800) 638-8095, and subsequently mail the report to CPSC.

5. After Commission receipt of a written or oral death report, a CPSC investigator may conduct an investigation to obtain details on the accident scenario. When this occurs, the investigator will contact
the Medical Examiner/Coroner for victim identification and/or authorization to investigate the incident.

6. Payment will be made only for written or oral reports of "in-scope" cases, i.e., those reports involving consumer products within the jurisdiction of the CPSC.

D. Period of Performance

Performance of work shall begin on October 1, 2010, and shall continue through September 30, 2011.

E. Project Officer

B. 52.204-7 CENTRAL CONTRACTOR REGISTRATION (Apr 2008)

(a) Definitions. As used in this clause—

"Central Contractor Registration (CCR) database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

"Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

"Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business
concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at Subpart 32.11) for the same concern.

"Registered in the CCR database" means that—

(1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database; and

(2) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS), and has marked the record "Active". The Contractor will be required to provide consent for TIN validation to the Government as a part of the CCR registration process.

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the offeror’s name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number—

(i) Via the Internet at http://fedgov.dnb.com/webform or if the offeror does not have internet access, it may call Dun and Bradstreet at 1-866-705-5711 if located within the United States; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office. The offeror should indicate that it is an offeror for a U.S. Government contract when contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

(i) Company legal business.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(iii) Company Physical Street Address, City, State, and ZIP Code.

(iv) Company Mailing Address, City, State and ZIP Code (if separate from physical).

(v) Company Telephone Number.

(vi) Date the company was started.

(vii) Number of employees at your location.

(viii) Chief executive officer/key manager.

(ix) Line of business (industry).

(x) Company Headquarters name and address (reporting relationship within your entity).
(d) If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.

(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(g)

(1)

(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of Subpart 42.12 of the FAR; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the EFT clause of this contract.

(h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at http://www.ccr.gov or by calling 1-888-227-2423, or 269-961-5757.

(d) Inspection/Acceptance. The Contractor shall tender for acceptance only those items that conform to
the requirements of this contract. The Government reserves the right to inspect or test any supplies or
services that have been tendered for acceptance. The Government may require repair or replacement of
nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The
Government must exercise its postacceptance rights—

and
(2) Before any substantial change occurs in the condition of the item, unless the change is due to the
defect in the item.
(e) **Excusable delays.** The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges that the Contractor can demonstrate to the satisfaction of the Government, using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(g) **Termination for cause.** The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.
