1. STATEMENT OF WORK

A. Background Information

The U.S. Consumer Product Safety Commission (CPSC) administers the Consumer Product Safety Act, the Flammable Fabrics Act, the Federal Hazardous Substance Act, the Poison Prevention Packaging Act, the Refrigerator Safety Act, and the Consumer Product Safety Improvement Act.

The primary purpose of these acts is to protect the public against unreasonable risks of injury or death associated with consumer products. The Consumer Product Safety Act specifically states that the Commission will conduct research, studies, and investigations on the safety of consumer products.

The Commission collects information on injuries associated with consumer products by several data systems, including the National Electronic Injury Surveillance System (NEISS). This system consists of statistically selected hospitals that report information on product-related emergency room cases to the Commission on a daily basis. Since these data are collected from a statistically selected sample of hospitals, estimates can be projected to the national population as to the number and type of injuries related to consumer products.

The NEISS sample was last updated in 1997. In order to maintain the representativeness of the NEISS sample, the statistical weights of the NEISS are adjusted annually to take into account hospital emergency departments that have opened or closed, departments that have changed in size as measured by the annual number of emergency department visits, and departments that have changed in status (open to the general public with 24 hour emergency access).

B. Objective

The objective of obtaining recent hospital market information on all U.S. emergency departments is to maintain the representativeness of the NEISS sample and allow for trend analysis of product-related injuries estimates.

C. Specifications

Independently and not as an agent of the Government, the Contractor shall furnish all necessary personnel, materials, services, and facilities to conduct the work set forth below:

The Contractor shall provide in electronic MS-Access or similar format the IMS Health Care Organization Services database and an additional table that shows annual number of emergency room visits by hospital. CPSC requires that the addendum table contain a crosswalk of MSTR_ID (unique facility identifier in legacy SDI data) to its corresponding IMS_ORG_ID.

The data points that are most important to CPSC are as follows:

- Ability to uniquely identify hospitals, whether or not they offer emergency room services, and most importantly, the number of emergency department visits annually (the most recently available 12-month period)
- Hospital physical and mailing address, phone, website
- Hospital type/specialty (acute care, long-term care/rehab, psych, surgical, pediatric, etc.)
- Hospital ownership structure (federal or state government--correctional facility hospitals, Tricare, Veterans Administration, vs. private for-profit and not-for-profit)
- Key hospital contacts (CEO, administrator)
- Total number of staffed beds
- Identification of burn and trauma centers/trauma level
- Crosswalk of IMS_ORG_ID to the legacy SDI MSTR_ID

(B) Affected contract number and delivery order number, if applicable;

(C) Affected contract line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) Interest.

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt within 30 days;

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. (n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(3) The clause at 52.212-5.

(4) Addenda to this solicitation or contract, including any license agreements for computer software.

(5) Solicitation provisions if this is a solicitation.

(9) The specification.

(t) System for Award Management (SAM).

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)

(i) If a Contractor has legally changed its business name, “doing business as” name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day’s written notification of its intention to:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an “I agree” click box or other comparable mechanism (e.g., “click-wrap” or “browse-wrap” agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.
