

Manufacturer: Cin-Made Corporation (container) CMI (closure)
Model: Tec Loc
ASTM Type: IIIG

Description:

This package consists of a fiberboard container, two metal ends, and a plastic friction fit plug (metal rim, two white concentric circles in Figure 1).

Figure 1

The plastic friction fit plug snaps into a plastic rim, which is fitted into the metal top end of the container. The package is opened by using a coin or tool to pry the plug out of the top of the container (Figure 2).

Figure 2

The manufacturer's instructions on the closure/cap are (Figures 1 and 2):

CHILD-RESISTANT TOP
