SYSTEM NAME

CPSC-27, Requests for Information

System location:

Office of Communications, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814,

Hotline managed by Systems Integration Incorporated, 8201 Corporate Drive, Suite 300, Landover,
Categories of individuals covered by the system:

Persons who contact the Consumer Product Safety Commission to request information and publications.

Categories of records in the system:

Records contain personal information such as the name, address, email, and telephone number of the person submitting the request for information. Requests can be received through CPSC's toll free hotline, internet Web site, and through correspondence.

Authority for maintenance of the system:

Purpose(s):

To record personal information so that information and publications may be mailed or otherwise provided.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses:

1. Records are disclosed to contractor personnel who operate the Consumer Product Safety Commission's Hotline and who enter data into the database.

2. Records may be used by CPSC staff and contract staff to respond to the request for information.

3. Disclosure may be made to appropriate agencies, entities, and persons when (1) CPSC suspects or has confirmed that the security or confidentiality of information in the system of records has been compromised; (2) CPSC has determined that as a result of the suspected or confirmed compromise there is a risk of harm to the security or integrity of this system or other systems or programs (whether maintained by CPSC or another agency or entity) that rely upon the compromised information; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the CPSC's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:
Storage:

The contractor maintains Hotline records in a computer database management system on a local and wide area network.

Retrievability:

Records are retrievable by a variety of fields, including the name of the person who submitted the request for information.

Safeguards:

Access to the Hotline computer records requires the use of two passwords: One to access the agency's computer network and another to access the database. Access is limited to those with a particular need to know the information — select Commission employees and the contractor employees who operate the Hotline.

Retention and disposal:

Computer records are maintained indefinitely. Paper records are kept for 10 years and then transferred to a Federal Records Center.

System manager(s) and address:
