LOG OF TELEPHONE CALL

DIRECTORATE FOR ENGINEERING SCIENCES

MECHANICAL & TEXTILE DIVISION

SUBJECT: USFA/HUD Partnership on Fire Protection in HUD  
Manufactured Housing

DATE OF CALL: May 31, 1995

LOG ENTRY SOURCE: Margaret L. Neily, ESME/EX

COMMISSION REPRESENTATIVE: Margaret Neily, <sup>mm</sup> ESME/EX

NON-COMMISSION REPRESENTATIVE: Larry Maruskin, U.S. Fire  
Administration

SUMMARY OF CONVERSATION: We will be invited to join HUD, USFA  
and others in a partnership to address fire protection in HUD  
manufactured housing. They believe our smoke detector studies  
and other experience will be invaluable to the group. Phil  
Shulte from HUD (202-755-7420) will be calling to request our  
participation.

This all started last fall when Carrye Brown and Henry Cisneros  
met at the Fallen Fire Fighters Memorial Ceremonies. USFA staff  
have since met with Cisneros's senior staff and developed this  
idea of a partnership.
