## **Amendment to the Stroller & Carriages Notice of Proposed Rulemaking**

---

In the draft *Federal Register* notice, replace the section entitled "XI. Request for Comments" on page 32 with the following text.

### **XI. Request for Comments**

This proposed rule begins a rulemaking proceeding under section 104(b) of the CPSIA to issue a consumer product safety standard for carriages and strollers. We invite all interested persons to submit comments on any aspect of the proposed rule.

In particular, we note that there are a number of international standards applicable to carriages, strollers, or both (discussed above in IV. Other Standards, A. International Standards). Based on quantitative analysis, are there one or more international performance requirements that are substantially the same as, or are more stringent than, a related requirement or requirements in ASTM F833-13? If available, please submit any such analysis.

Comments should be submitted in accordance with the instructions in the ADDRESSES section at the beginning of this notice.
