SUMMARY OF MEETING: Subcommittee discussed allowing warnings to be placed on Upholstery Law Tags. The committee decided to leave the standard as written because Law Tags state that they can be removed. A committee member showed a multi-use product that converted from a a bouncer to a child's chair and raised the question of whether that product could be certified as a bouncer even though it is used as a chair later in its life. Committee decided to ask an ASTM executive committee about the issue.
